MEMORANDUM FOR THE RECORD

1. On 21 January, I visited Mr. John Williams our contact in the Pentagon dealing with joint use of shuttle bus service.

2. I gave him a copy of our current shuttle bus schedule and two black and white polaroid photos of an agency badge to be used as an example in identifying our employees authorized to ride the DOD buses. The photos were turned over with the approval to the Office of Security (OS). [REDACTED], SS/OL, 25X1A got the photos from OS.

3. I also discussed with Mr. Williams expanding on our agreement to allow our employees to ride all DOD shuttle buses rather than just Route 19. He indicated he would take the matter under consideration. In the meantime, he will formalize our agreement and send it to us for signature.
